The numbered disc is cut from a sheet of cardboard (not included in the Outfit) and is bolted to a 5/16" x 2 1/2" flanged plate. The vertical rod, about which the pointer is free to spin, is passed through the plate and clamped in position by two spring clips.

A Selection of Interesting Meccano Models

HOW TO CONTINUE

When you have built all the models shown in this folder you should obtain a copy of the No. 00 Manual from your dealer, together with the selection of Meccano parts shown below. By adding these parts to your Outfit you will be able to build 142 bigger and better models.

Part No.	Quantity	Part No.	Quantity
2 5 1/2" Perforated Strips ..	2	37a Nuts ..	4
5 2 1/2" Perforated Strips ..	4	44 Cranked Bent Strips ..	1

To New Meccano Boys

The No. 000 Outfit is the first step in the Meccano System. With it you will be able to build all the models shown in this instruction folder and scores of others that you can invent yourself. Once you have experienced the joy of model-building with Meccano your enthusiasm will know no bounds!

When you have built all the models in this folder you will want to build others of a more advanced type, and you cannot do better than purchase a No. 00 Manual from your dealer. This Manual contains illustrations of a fine selection of models, all of which you will be able to build by adding to your Outfit the extra parts shown on the back page of this folder.

It is important to remember that each Meccano Outfit from No. 00 upwards may be converted into the one next higher by means of an Accessory Outfit. Your No. 00 Outfit is converted into a No. 0 by adding to it a No. 00a. A No. 0a will then convert it into a No. 1 and so on. You may thus build up your Outfit by degrees until you have a No. 7, the largest Outfit of all.

The "Meccano Magazine"

If you want to obtain the maximum amount of fun from the Meccano hobby you must read the "Meccano Magazine," the Meccano boy's own newspaper. This splendid Magazine contains fine articles on all subjects of interest to boys, and includes correspondence columns in which the Editor replies to his readers' enquiries. The "M.M." is published on the first of each month and may be ordered from any Meccano dealer, newsagent or bookstall.
