MECCANO

REAL ENGINEERING IN MINIATURE

Amateurs to-day—
Experts to-morrow

BOYHOOD'S BEST DAYS— BUILDING WITH MECCANO

If you want to have the happiest possible boyhood—be a Meccano model-builder. If you want to be imaginative and resourceful—if you want your days to be full of fun and thrills—be a Meccano model-builder.

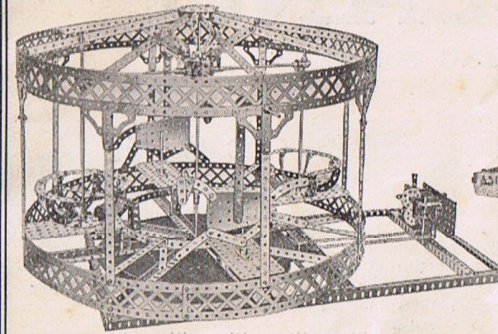

There is no other hobby in the world so wonderful or so fascinating. You will be able to build hundreds of working models with your Meccano Outfit—Cranes, Bridges, Conveyors, Aeroplanes, Cars, Locomotives—and you will gain practical engineering experience that will be of inestimable value to you in later life. The Meccano boys of to-day will be the famous engineers and inventors of to-morrow.

When you are a Meccano model-builder you know the secrets of the world's most wonderful engineering structures. You know how they are built and you know how they are worked, because you build actual models of them with your Meccano Outfit.

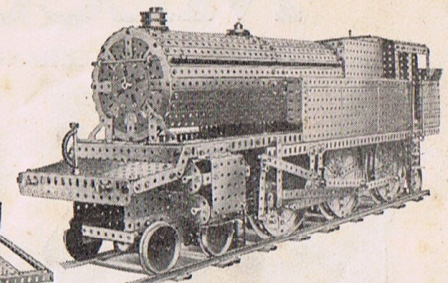

Meccano is real engineering in miniature—all the parts are miniatures of the corresponding parts in real engineering practice. They are all standardised and interchangeable, and can be used to make hundreds of different working models. Ask to see the new 1930 Meccano Outfits.

Meccano makes bigger and better models than any other construction toy, and it makes them 100 per cent. stronger.

MECCANO BOYS BUILD AND INVENT

MECCANO

ENGINEERING FOR BOYS

No. 000 Outfit

Builds 132 Models

THIS is a new Meccano Outfit specially suitable for beginners. It contains a good selection of standard Meccano parts with fully illustrated instructions for building 132 fine models, including Trucks and Wagons, Aeroplanes, Pulleys, Levers, etc.

Price 3/-

IMPORTANT.—An Accessory Outfit to convert a No. 000 Outfit into a No. 00 is not supplied. Details of the extra parts required to build all the models in the No. 00 Manual will be found in the Instruction Folder included in the No. 000 Outfit. A copy of the No. 00 Manual may be obtained from your Meccano dealer.

No. 00 Outfit

Builds 190 Models

THE No. 00 Outfit is a splendid commencing Outfit for young boys. A special Manual of Instructions is included in the Outfit showing how 190 interesting models may be constructed. This fine range of models includes Trucks, Barrows, Cranes, Potter's Wheel, Pulley Shafting, Windmill, Well Driller, etc., each capable of providing hours of fun.

Price 5/-

A No. 00a Accessory Outfit, costing 2/-, will convert a No. 00 into a No. 0 Outfit.

No. 0 Outfit

Builds 344 Models

THE No. 0 Outfit contains a splendid assortment of Meccano Strips, Rods, Wheels, Plates, Nuts, Bolts, etc., and a special Manual of Instructions, giving examples of 344 models that may be built with the Outfit. The models illustrated include Lathes, Horizontal Engine, Pulley Block, Drilling Machine, Cranes, Aeroplane and a variety of others. Everything necessary for commencing to build immediately is included.

Price 7/-

A No. 0a Accessory Outfit, costing 7/6, will convert a No. 0 into a No. 1 Outfit.

NOTE:—Meccano parts may be purchased separately in any quantity. See list on pages 9 to 11.

REAL ENGINEERING IN MINIATURE

MECCANO

ENGINEERING FOR BOYS

No. 1 Outfit

Builds 573 Models

THIS Outfit is very popular. It contains a large number and excellent variety of Meccano parts with which a fine range of models may be built, including fine Cranes, Trucks, Mechanical Saw, Meccanograph, Hooke's Coupling, Roundabout, etc. A big fully-illustrated Manual of Instructions is included, giving examples of 573 models that may be made with the Outfit.

Price 14/-

A No. 1a Accessory Outfit, costing 10/-, will convert a No. 1 into a No. 2 Outfit.

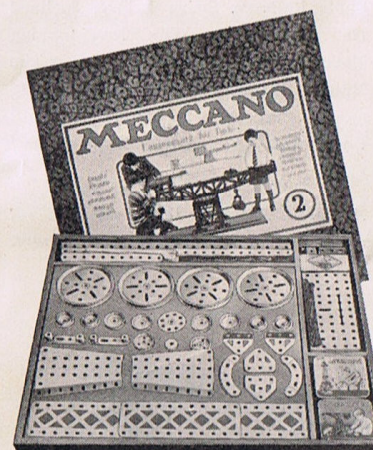

No. 2 Outfit

Builds 628 Models

THE fortunate possessor of a No. 2 Outfit is able to build models of a more complicated and interesting type, including large Cranes, Pit Head Gear, Motor Wagons, Roundabouts, Aeroplane, Turntable, Mechanical Hammer, etc., all designed on correct engineering principles. Full instructions are included for building 628 models with this Outfit.

Price 23/-

A No. 2a Accessory Outfit, costing 15/6, will convert a No. 2 into a No. 3 Outfit.

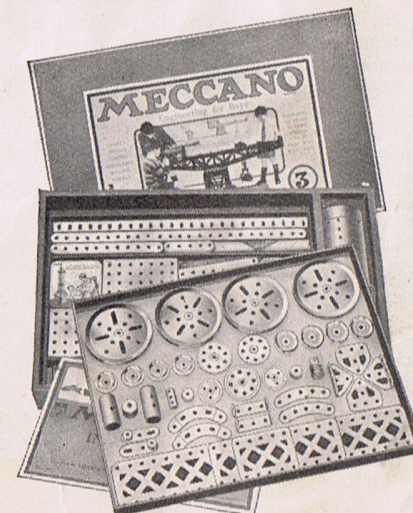

No. 3 Outfit

Builds 686 Models

THIS excellent Outfit contains many Meccano parts of an advanced engineering type. The Cranes, Bridges, etc., that it builds are of a better type, and in addition such excellent models as the Tower Wagon, Vertical Steam Engine and Railway Breakdown Crane may be constructed. A Manual of Instructions, showing how to build 686 models, is included.

Price 37/6

A No. 3a Accessory Outfit, costing 35/-, will convert a No. 3 into a No. 4 Outfit.

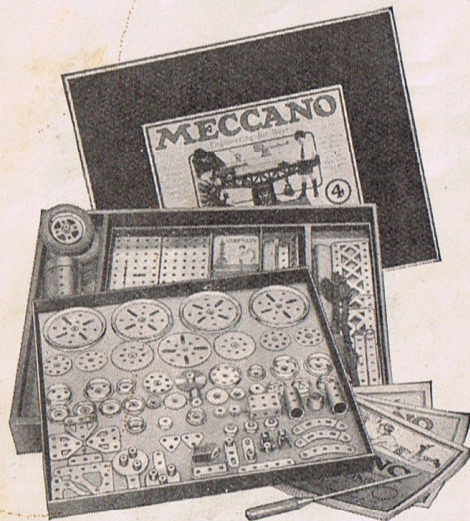

NOTE:—Meccano parts may be purchased separately in any quantity. See list on pages 9 to 11.

THE FINEST HOBBY IN THE WORLD

MECCANO

ENGINEERING FOR BOYS

No. 4 Outfit

Builds 748 Models

THIS fine Outfit contains a splendid range of Meccano parts with which an excellent variety of models may be built. Amongst the No. 4 models illustrated in the Manual of Instructions are Rotating Cranes, Swivelling and Luffing Jib Crane, Cable Railway, Swing Bridge, Inclined Delivery Chute, Wire Rope-making Machine, Bucket Excavator, etc. The Manuals included give examples of 748 models that may be constructed with this Outfit.

Price 70/-

A No. 4a Accessory Outfit, costing 27/6, will convert a No. 4 into a No. 5 Outfit.

No. 5 Outfit

Builds 792 Models

THE No. 5 Outfit is supplied either in a stout carton or in a handsome enamelled cabinet. The number of Meccano parts contained in each Outfit is the same. Model-building possibilities are very greatly increased with this Outfit and 792 fine examples of real engineering models that may be constructed with the Outfit are illustrated in the Manuals of Instructions included.

This Outfit makes a splendid present, especially for a boy who is interested in mechanics.

Price (packed in strong carton) ... 97/6

Price (packed in enamelled cabinet, fitted with lock and key) ... 137/6

For prices of the No. 5a Accessory Outfit, carton or cabinet, see page 6.

NOTE:—Meccano parts may be purchased separately in any quantity. See list on pages 9 to 11.

NEW PARTS—NEW MODELS—MORE FUN

MECCANO

ENGINEERING FOR BOYS

No. 6 Outfit

Builds 838 Models

THE No. 6 Outfit is supplied either in a stout carton or in a handsome enamelled cabinet with lock and key. With it may be constructed all the models of the earlier Outfits, and many more. The Manuals of Instructions included show how 838 splendid models may be built with the Outfit.

No greater benefit could be conferred upon any boy than to make him a present of such an Outfit as this.

Price (packed in stout carton) ... 175/-

Price (packed in handsome enamelled cabinet, fitted with lock and key) 215/-

A No. 6a Accessory Outfit (cabinet) costing 310/-, will convert a No. 6 into a No. 7 Outfit.

No. 7 Outfit

Builds 882 Models

THIS is a complete and comprehensive Outfit, containing all Meccano parts necessary to build each of the Models in all the Manuals of Instructions, including Stiff Leg Derrick, Meccanograph, Eiffel Tower, Transporter Bridge, Forth Bridge, Hydraulic Crane, Steam Shovel, etc., as well as such special models as the High-Speed Ship-Coaler, the Loom (for real weaving) and the Motor Chassis.

An ideal present for a boy interested in mechanics or electricity.

Price (packed in beautifully enamelled cabinet fitted with lock and key) ... 610/-

NOTE:—Meccano parts may be purchased separately in any quantity. See list on pages 9 to 11.

RICHLy ENAMELLED IN COLOURS

MECCANO

ENGINEERING FOR BOYS

Accessory Outfits

THESE Outfits connect the main Outfits from No. 00 to No. 7, so that a boy who commences with one of the small Outfits may build up his equipment by easy stages until he is the possessor of a No. 7 Outfit.

An Accessory Outfit No. 000a is not supplied, but details of the extra parts required to build all the models in the No. 00 Manual will be found in the Instruction Folder included in the No. 000 Outfit.

The following is a complete price list of Meccano Accessory Outfits:—

No. 00a	converts a No. 00 Outfit into a No. 0	Price 2/-

No. 3A Accessory Outfit

Storage Boxes for Meccano Parts

ALMOST every Meccano boy purchases additional Meccano parts from time to time, but there is sometimes difficulty in finding suitable accommodation for them. The Storage Boxes described below have been specially designed for the purpose of enabling such extra parts to be stored neatly and methodically, so that they are always easily accessible. There are three different sizes, as indicated.

No. 2

No. 1 Storage Box

Beautifully enamelled in red and fitted with partitions. The lid is hinged and is secured by means of lock and key. Dimensions: Length 15½ ins. Width 8½ ins. Depth 2½ ins. Price 16/-

No. 2 Storage Box

As Illustrated.

Finished as No. 1 Box and provided with lock and key. The tray that is fitted in this box enables a much larger quantity of parts to be accommodated. Dimensions: Length 14½ ins. Width 11 ins. Depth 3½ ins. ... Price 31/6

No. 3 Storage Box

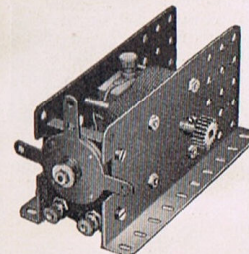

A perfect receptacle for Meccano parts. Finished similarly to the No. 1 and No. 2 boxes and provided with lock and key. Fitted with two partitioned trays. Dimensions: Length 20 ins. Width 14 ins. Depth 5½ ins. ... Price 50/-

MECCANO

Motors, Steam Engine and Accessories

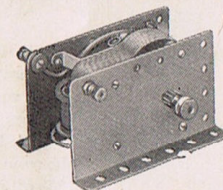

IN order to obtain the fullest enjoyment from the Meccano hobby the models should be operated with a Meccano Motor or Steam Engine. Details of these power units are given below.

MECCANO ELECTRIC MOTOR No. E1 (6-VOLT)

Electric Motor No. 6

THIS highly efficient Electric Motor (non-reversing) will give excellent service. A 6-volt Accumulator will operate it, but it may also be driven from the main (alternating current only) through the 6-volt Transformer described below. The Motor may be built into any Meccano Model. Price 10/6

Electric Motor No. E1

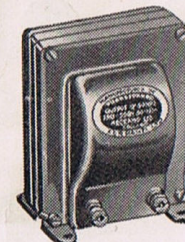

MECCANO ELECTRIC MOTOR No. 6 (6-VOLT)

THE 6-volt Motor is specially designed to build into Meccano models. It is run from a 6-volt accumulator or, by employing the Transformer described below, from the main. It is fitted with reversing motion, provided with stopping and starting controls, and the gearing is interchangeable Price 20/-

NOTE.—The 6-volt Electric Motors will not run satisfactorily from dry cells.

TRANSFORMER

BY means of this transformer the 6-volt Meccano Electric Motors No. E1 and No. 6 may be driven from the house supply (alternating current only). It is available for all standard supply voltages, from 100 to 250 inclusive, at all standard frequencies. The supply voltage and frequency must be specified when ordering ... Price 40/-

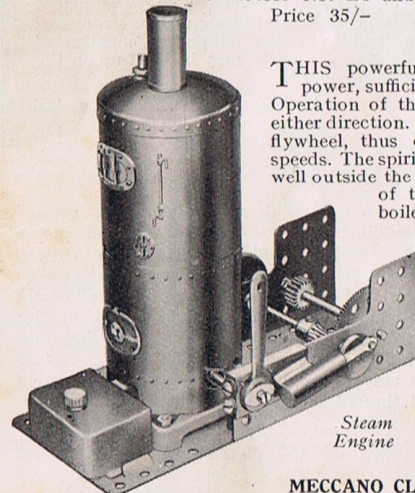

Transformer

MECCANO ACCUMULATOR

THIS new and excellent type of accumulator (6-volt, 20 amps.) is specially suitable for driving the Meccano Electric Motors No. E1 and No. 6. Price 35/-

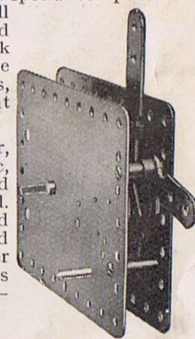

MECCANO STEAM ENGINE

THIS powerful steam unit is capable of developing remarkable power, sufficient to drive any of the models shown in the Manuals. Operation of the reversing lever enables the crankshaft to run in either direction. The crankshaft is fitted with a special compensated flywheel, thus ensuring steady running at all speeds. The spirit container for the lamp is placed well outside the boiler-casing, eliminating all risk of the spirit becoming heated. The boiler, which is of heavy gauge brass, is fitted with an efficient spring safety valve.

Steam Engine

Finish. The cylinder, reversing block, crank disc, and pin, are all machined from solid brass and steel. The base, side plates, and spirit container are finished in colour and the boiler casing is of oxidised brass finish ... Price 35/-

Clockwork Motor

MECCANO CLOCKWORK MOTOR

THIS is a splendid piece of mechanism, simple, powerful, reliable and free from all danger. It is fitted with starting, stopping and reversing levers, and all its movements are fully explained in the instructions that accompany it Price 10/6

RUN YOUR MODELS REALISTICALLY

MECCANO

ENGINEERING FOR BOYS

Meccano Lubricating Oil

BEFORE commencing to operate a Meccano model, or to run a Hornby Train, all gears and bearings should be oiled thoroughly with Meccano Lubricating Oil. This oil is specially prepared and is of the right consistency for the purpose.

Price, per bottle 8d.

(For Oilcans see page 25).

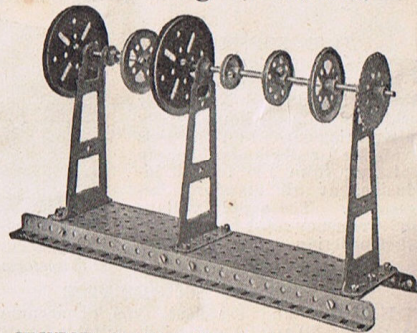

Meccano Enamel

THE Meccano enamel has been introduced to enable model-builders to convert nickel parts to colour or to touch up coloured parts should such treatment become necessary through mishandling. It is available in red, grey or green, each colour being identical in shade with the enamels used in the Meccano Factory for spraying Meccano parts.

Price, per tin 1/-

Shafting Standards

THESE Shafting Standards are designed on the Meccano system, with equidistant holes. Our illustration shows how strong and serviceable shafting and pulleys, constructed with Meccano parts, may be built up on the Large Standard.

Standard only, Large Price 1/6
" " Small " 1/-

The Meccano Manuals

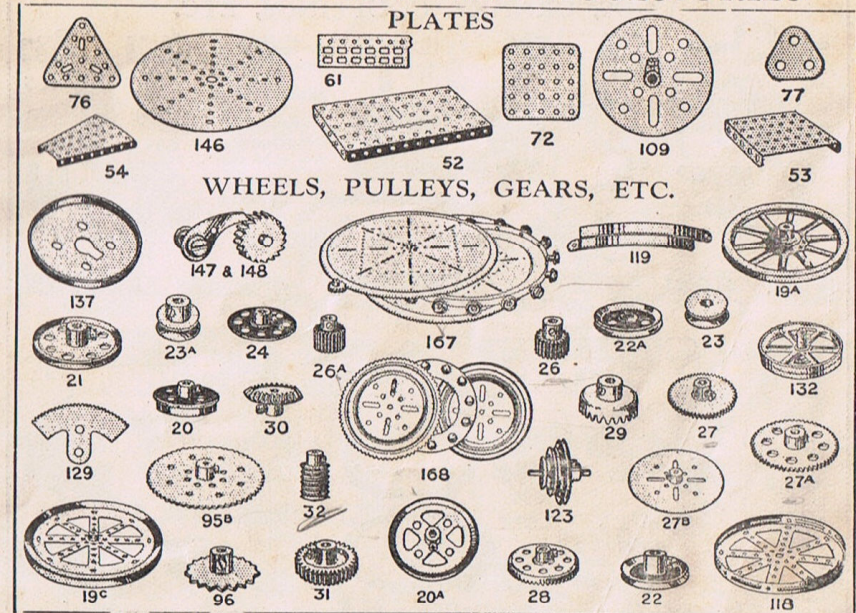

THE Meccano Manuals are all beautifully printed and the illustrations are in half-tone throughout. Every Meccano boy should possess a copy of each of the 00-3 and 4-7 Manuals, in which a total number of 882 models is illustrated, and also a copy of the Standard Mechanisms Manual, in which a fine selection of real engineering movements that may be built with Meccano are reproduced. These Manuals may be purchased as separate units, or if required, bound in an attractive full cloth cover, lettered in gold.

The prices of the Meccano Manuals are as follows:—

No.	Manual of Instructions	Price	Standard Mechanisms Manual	Price
0	"	4d.		1/6
00-3	"	9d.	Bound Manual of Instructions	9/6
4-7	"	2/-	Meccano Book of New Models	9d.

HORNBY CLOCKWORK TRAINS

BRITISH AND GUARANTEED

HORNBY TRAINS are manufactured by Meccano Limited and they are made from the finest materials obtainable. The splendid fun of running a Hornby railway is real and lasting because of the exceptional strength and reliable mechanism of the Hornby Locomotives, the realistic Hornby Rolling Stock, and the wide range of Hornby Accessories—all built in perfect proportion and all beautifully finished.

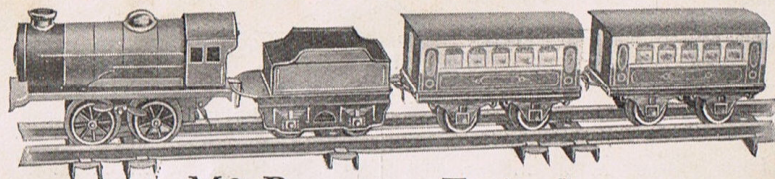

M0 Goods Train Set

THE M0 Sets are the smallest members of the Hornby Train Series. They are strongly built and well finished, and the Locomotives are fitted with a very efficient clockwork mechanism that gives a long run.

The M0 Goods Set consists of M0 Locomotive and Tender (available in either red or green), two M0 Goods Wagons, and Rails for a circular track measuring 21½" in diameter. One of the rails is a Brake Rail, by means of which the train may be braked from the track. Gauge 0 Price 7/9

The separate prices of the components of the M0 Goods Train Set are indicated after the M0 Passenger Train Set descriptive matter below.

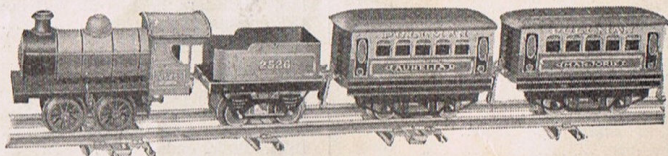

M0 Passenger Train Set

THIS set consists of an M0 Locomotive and Tender (available in red or green), two newly designed Pullman Coaches, and Rails for a circular track measuring 21½" in diameter. One of the rails is a Brake Rail, by means of which the train may be braked from the track. Gauge 0 Price 8/6

The components of the M0 Passenger and M0 Goods Sets may be purchased separately if required. The prices are as follows:—

M0 Locomotive, non-reversing (without Tender)	Price 4/-	M0 Tender	Price 1/-
M0 Pullman Coach	1/3	M0 Wagon	1/-

M1 and M2 Passenger Train Sets

M1 Passenger Set. This set contains M1 Locomotive (non-reversible), M1 Tender, two M1 Pullman Coaches and set of Rails to form an oval track measuring 3 ft. 2 ins. by 2 ft. 3 ins. One of the rails is a Brake Rail, by means of which the train may be braked from the track. The set is richly coloured and well finished. Gauge 0 Price 12/-

M2 Passenger Train Set. This set is similar to the M1 Passenger Set but it has three M1 Pullman Coaches instead of two, and the Rails included will make an oval track measuring 4 ft. by 2 ft. 3 ins. Gauge 0 Price 15/-

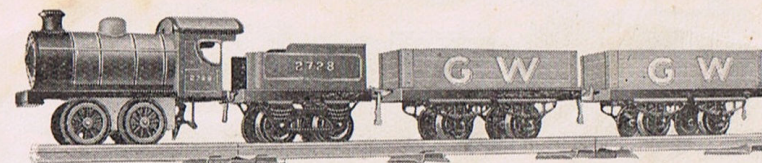

The components of the M1 and M2 Passenger Train Sets may be purchased separately, if required. The prices are as follows:—

M1 Locomotive (without Tender)	Price 5/-	M1 Tender	Price 1/3
M1 Pullman Coach	1/6		

For prices of Rails, Points and Crossings, see pages 30 and 31.

HORNBY CLOCKWORK TRAINS

BRITISH AND GUARANTEED

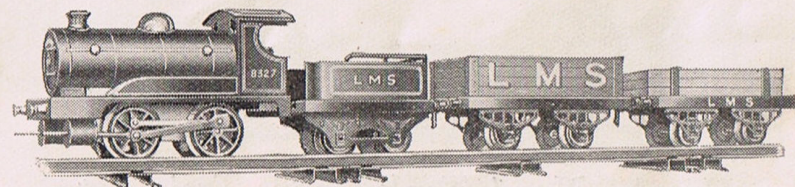

M Goods Train Set

THIS is a strongly-built and reliable Train Set. It consists of M1 Locomotive (non-reversible), M1 Tender, two M1 Goods Wagons and set of Rails for an oval track measuring 3 ft. 2 ins. by 2 ft. 3 ins. One of the rails is a Brake Rail, by means of which the train may be braked from the track. Gauge 0 Price 13/6

The components of the M Goods Train Set may be purchased separately, if required. The prices are as follows:—

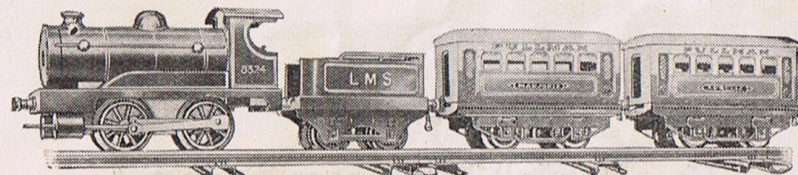

M1 Locomotive (without Tender)	Price 5/-	M1 Tender	Price 1/3
M1 Wagon	1/9		

Hornby No. 0 Goods Train Set

THIS realistic goods set contains a No. 0 Locomotive (non-reversible), No. 0/1 Tender, No. 0 Wagon, No. 1 Timber Wagon, and set of Rails to make an oval track measuring 3 ft. 2 ins. by 2 ft. 3 ins. One of the rails is a Brake Rail, by means of which the train may be braked from the track Price 24/-

The separate prices of the components of No. 0 Goods Set are indicated after the No. 0 Passenger Train Set descriptive matter below.

Hornby No. 0 Passenger Train Set

HORNBY No. 0 Passenger Set is a handsome train set composed of No. 0 Locomotive (non-reversible), No. 0/1 Tender, two M1 Pullman Coaches and Set of Rails to make an oval track measuring 3 ft. 2 ins. by 2 ft. 3 ins. One of the rails is a brake rail, by means of which the train may be braked from the track Price 24/-

The components of the Hornby No. 0 Train Sets may be purchased separately, if required. Prices are as follows:—

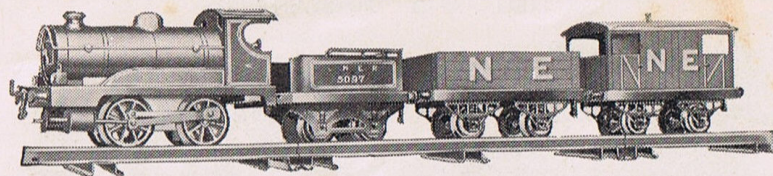

Hornby No. 0 Locomotive (without Tender)	Price 14/6
Hornby No. 0/1 Tender	2/3
M1 Pullman Coach	1/6
Hornby Wagon No. 0	2/3
No. 1 Timber Wagon	2/9

For prices of Rails, Points and Crossings, see pages 30 and 31.

NOTE:—Hornby Locomotives and Rolling Stock (with the exception of No. 2 Special and No. 3 Locomotives and Tenders, which are available with English lettering only) will be supplied with N.Z.R. lettering unless English lettering, L.M.S., L.N.E.R., G.W. or S.R., is specified. This applies to enamelled goods only and not to tin printed goods.

HORNBY CLOCKWORK TRAINS

BRITISH AND GUARANTEED

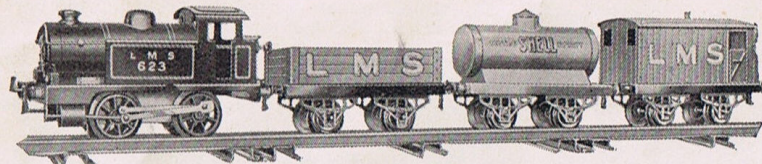

Hornby No. 1 Goods Train Set

THIS splendid Goods Set contains No. 1 Locomotive fitted with reversing gear, No. 0/1 Tender, No. 1 Wagon, Brake Van and Rails to form a circular track measuring 4 ft. 3 ins. in diameter. Gauge 0 Price 30/-
The components of the Hornby No. 1 Goods Train Set may be purchased separately, if required.

Prices are as follows:—

Hornby No. 1 Locomotive (without Tender)	Price 18/-
Hornby No. 0/1 Tender	" 2/3
Hornby No. 1 Wagon	" 2/9
Brake Van	" 5/-

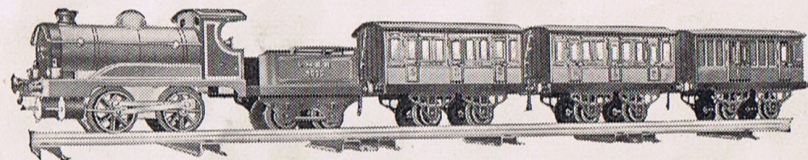

Hornby No. 1 Tank Goods Train Set

THIS set contains Hornby No. 1 Tank Locomotive (fitted with reversing gear), No. 1 Wagon, Petrol Tank Wagon, Brake Van and set of Rails to build a circular track measuring 4 ft. 3 ins. in diameter. One of the rails is a Brake Rail, by means of which the train may be braked from the track. Gauge 0 Price 35/-
The components of the Hornby No. 1 Tank Goods Set may be purchased separately, if required.

The prices are as follows:—

Hornby No. 1 Tank Locomotive Price 17/6	Hornby No. 1 Wagon ... Price 2/9
Petrol Tank Wagon " 3/9	Brake Van " 5/-

Hornby No. 1 Passenger Train Set

THIS very attractive train set consists of No. 1 Locomotive (fitted with reversing gear), No. 0/1 Tender, two No. 1 Passenger Coaches, Guard's Van and Rails to make a circular track measuring 4 ft. 3 ins. in diameter. One of the rails is a Brake Rail, by means of which the train may be braked from the track. The doors of the coaches open. Gauge 0. Price 36/6
The components of the Hornby No. 1 Passenger Train Set may be purchased separately, if required. The prices are as follows:—

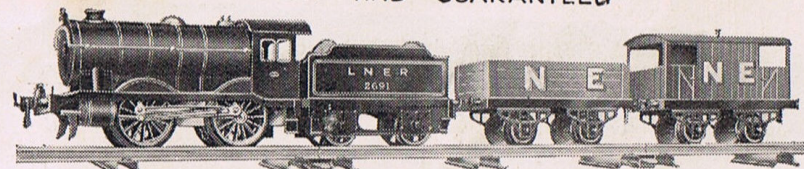

Hornby No. 1 Locomotive (without Tender)	Price 18/-
Hornby No. 0/1 Tender	" 2/3
Hornby No. 1 Passenger Coach	" 3/9
Guard's Van	" 4/6

For prices of Rails, Points and Crossings, see pages 30 and 31.

NOTE:—Hornby Locomotives and Rolling Stock (with the exception of No. 2 Special and No. 3 Locomotives and Tenders, which are available with English lettering only) will be supplied with N.Z.R. lettering unless English lettering, L.M.S., L.N.E.R., G.W. or S.R., is specified. This applies to enamelled goods only and not to tin printed goods.

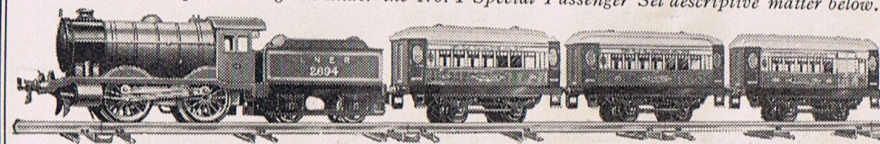

HORNBY CLOCKWORK TRAINS

BRITISH AND GUARANTEED

No. 1 Special Goods Train Set

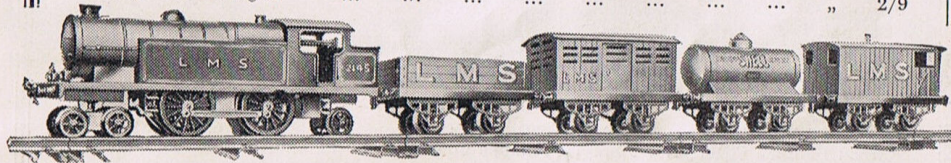

THIS handsome and highly efficient train set contains Locomotive (fitted with reversing gear and braking device), Tender, No. 1 Wagon, Brake Van, and Rails for an oval track measuring 5 ft. 2 ins. by 4 ft. 3 ins. One of the rails is a Brake and Reverse Rail which enables the Locomotive to be braked or reversed from the track. Gauge 0 Price 47/6
The components of the Hornby No. 1 Special Goods Train Set may be purchased separately, if required. The prices are given under the No. 1 Special Passenger Set descriptive matter below.

Hornby No. 1 Special Passenger Train Set

THIS set is similar to the No. 1 Special Goods Train Set but it contains two No. 1 Pullman Coaches and one No. 1 Pullman Coach Composite in place of the Wagon and Brake Van. The doors of the Coaches open. Gauge 0 Price 51/6
The components of the Hornby No. 1 Special Goods and No. 1 Special Passenger Train Sets may be purchased separately, if required. The prices are as follows:—

HORNBY No. 3E S.R. "CONTINENTAL EXPRESS." The Locomotive is enamelled in dark green and is named "Lord Nelson." The contents of the set are similar to those of the No. 3E G.W. "Cornish Riviera" Train Set Price 120/-

The components of the Hornby No. 3 Electric Train Sets may be purchased separately, if required. The prices are as follows:—

Hornby No. 3E Locomotive, L.M.S., L.N.E.R., G.W., or S.R. (without Tender)	Price 55/-
Hornby No. 2 Special Pullman Coach	" 21/-
Hornby No. 2 Special Pullman Coach Composite	" 22/6
Hornby No. 2 Special Tender	" 9/-
Resistance Controller	" 6/-

For prices of Rails, Points and Crossings, see pages 30 and 31.

HORNBY ELECTRIC TANK LOCOMOTIVES

HORNBY METROPOLITAN TRAIN SET L.V. (6-VOLT ELECTRIC) contains Electric Locomotive, two Coaches, Resistance Controller and set of electrical rails.

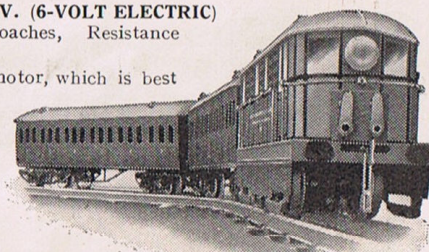

The Locomotive is fitted with a 6-volt motor, which is best operated from a 6-volt Accumulator, but it may also be driven from the main (alternating current only) through a Transformer, capable of supplying 2 amps. at 7 volts. Price 130/-

The Locomotive, Coaches and Resistance Controller contained in this set may be purchased separately, if required.

The prices are as follows:—

Metropolitan Electric Locomotive L.V.	Price 60/-
Metropolitan Coach L.V.	" 27/6
Resistance Controller	" 6/-

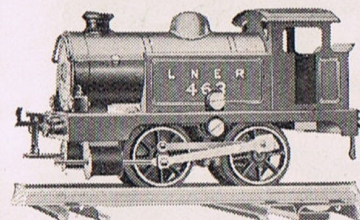

Hornby Metropolitan Train L.V.

HORNBY No. 1 ELECTRIC TANK LOCOMOTIVE (6-VOLT PERMANENT MAGNET TYPE)

THIS Electric Locomotive is of the permanent magnet type and is operated from a 6-volt accumulator. It will not work from the main through a transformer.

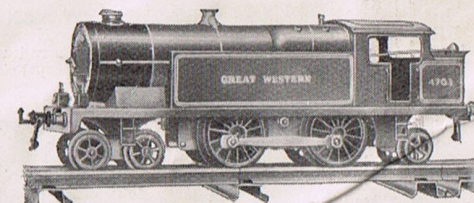

The Locomotive can be stopped, re-started, reversed and the speed varied by the operation of a lever at the side of the track. It is supplied with a terminal connecting plate, speed and reverse control switch and 3 ft. of flex. Price 45/-

This Locomotive and its Accessories may be purchased separately, if desired. Prices:—
Locomotive 35/-
Terminal Connecting Plate ... 2/3
Speed and Reverse Control Switch 10/-

HORNBY No. 2 ELECTRIC TANK LOCOMOTIVE (6-volt)

THIS new Electric Locomotive is powerfully built and is perfect in design and workmanship. It may be run from a 6-volt Accumulator or (with a Transformer) direct from the main. In every respect it is a very fine model. Price 52/6

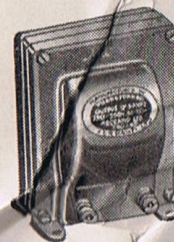

MECCANO ACCUMULATOR 6-volt, 20 Ampere-hour (Actual) Capacity

THIS Accumulator has been specially designed for running Hornby 6-volt Electric Locomotives. Provided that it is re-charged at regular intervals it will give good service for many years. Dimensions of the accumulator: width 4½ ins., depth 3½ ins., height 6¾ ins., weight 9 lbs. 10 ozs. Price 35/-

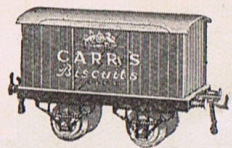

TRANSFORMER

BY means of this Transformer the Hornby No. 3E and No. 2 Tank Locomotives (6-volt Electric) may be driven from the house supply (alternating current only). It is available for all standard supply voltages, from 100 to 250 inclusive, at all standard frequencies. The supply voltage and frequency must be specified when ordering. Price 40/-

VIADUCT, Electrical, Centre Portion only. Price 7/9

HORNBY RAIL FORMATIONS

THERE is practically no limit to the number of interesting combinations to which Hornby Rails, Points and Crossings lend themselves. Every miniature railway enthusiast knows how a carefully planned track adds realism to the game and how greatly it enhances the fun to be obtained. Below we illustrate six rail layouts which will give an idea of the combinations that are possible. These and many others are illustrated in a new booklet that has just been published entitled "How to plan your Hornby Railway." A copy of this booklet may be obtained from your dealer, price 3d., or from Models Ltd., Kingston Street, Auckland (P.O. Box 129), price 4d. post free.

Electrical Points for 1-ft. radius curves are not supplied.

HORNBY RAILWAY COMPANY

FOR OWNERS OF HORNBY TRAINS

The Hornby Railway Company is a world-wide organisation formed for the sole purpose of enabling all Hornby Railway owners to obtain one hundred per cent. fun from their hobby. Hundreds of thousands of boys own Hornby Trains and take great pride in the possession of them but, unfortunately, a large number of these boys do not know how to run a miniature railway system correctly.

Membership of the Hornby Railway Company entitles a boy to the great privilege of expert advice, entirely free, on all the problems that arise in connection with his own railway. Any owner of a Hornby Train Set, no matter what its size, may become a member. All he has to do for a share of fun and pleasure is to fill in the official application form, have his signature witnessed, and send the form to Models Ltd., Kingston Street, Auckland (P.O. Box 129), with 10d. in stamps in payment for the official badge, which he will wear in his buttonhole. This badge, illustrated below, is beautifully finished in blue and green enamel, and by means of it all members recognise each other when they meet. Their badges indicate at once that they have something in common—an interest in railways—and we are certain that, after a hearty handshake, conversation will never flag between any "HORNBY RAILWAY COMPANY" members who may meet in this manner.

The Hornby Railway Company is divided into two sections—Senior, for members aged 12 and upwards, and Junior, for members under 12. A special booklet dealing in an attractive manner with the details of model railway working has been prepared for each of these sections, and the appropriate booklet will be sent post free to every member at the time of his enrolment. These booklets may also be obtained by non-members for 2d. each, post free.

President:

Mr. Frank Hornby,
Managing Director
of Meccano Limited.

Headquarters:

Old Swan, Liverpool,
England.

THE MECCANO MAGAZINE

The
"Meccano"
Magazine" contains

splendid articles on such interesting subjects as Famous Engineers and Inventors, Electricity, Bridges, Cranes, Railways, Wonderful Machinery, Aeronautics, Latest Patents, Nature Study, Stamps, Photography and Books. New Meccano models and new parts are announced from time to time; interesting competitions are arranged for Meccano boys, and there are special articles for owners of Hornby Trains.

The "Meccano Magazine" is published in England on the 1st of each month, and has a circulation of over 70,000 copies each month. It may be ordered from your Meccano dealer or newsagent, price 6d. If desired, it will be mailed direct by Meccano Ltd., Old Swan, Liverpool, England (post free) for six months 4/- or twelve months 8/-. Send 6d. for a specimen copy, post free.
