

# PLASTIC MECCANO®

Here are the *new* Plastic Meccano Sets that will really set your children's fingers itching- and their minds working.

◁ SET 1—Low in price, big in range of models you can build.

Conversion Set 1A—This gives you all you need to turn your Set 1 into a Set 2.

△ PLAYPACK—This is the one to set them going—it has plans for how to build sixteen simple models.

Conversion Set 2A—Turns your Set 2 into a Set 3

## PLASTIC MECCANO SET 2

△ SET 2—Lots of big plates and *new* parts build even bigger models.

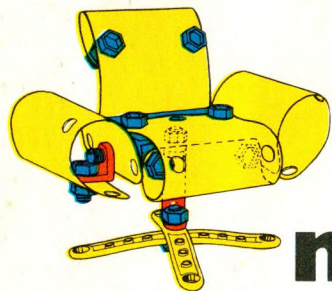

## PLASTIC MECCANO SET 3

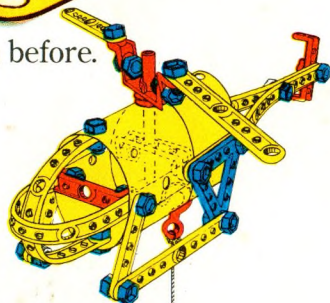

◁ SET 3—The big one—it can build anything from a space rocket to a fire engine.

# New Parts

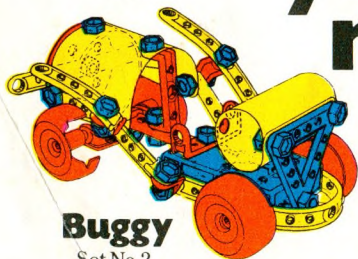

Special new parts have been introduced so that you can build even more realistic models than before.
