## INSTRUCTIONS

FOR OUTFIT

### No. 00

Copyright by MECCANO LIMITED, LIVERPOOL, throughout the world

No. 30.00

ENGLISH EDITION

## OUR FUTURE ENGINEERS

## A TALK WITH NEW MECCANO BOYS

The Meccano No. 00 Outfit is the first step in the Meccano system. After you have made all the models shown in this Manual you will want to build bigger models and you may do this by adding new parts to your Outfit or, by purchasing a No. 00A Accessory Outfit, you may convert your No. 00 into a No. 0. You will then be able to build many more models, including larger and better Cranes, Bridges, Wagons, Trucks, Windmills, etc.

## HOW TO BUILD WITH MECCANO

First build the models exactly as they are illustrated in the Manual, and then take each model and try to improve on our design. Every one can be made in a dozen different ways. Screw up all the nuts and bolts tightly to ensure that your models will be strong and firm when they are completed.

## MECCANO ACCESSORY OUTFITS

It is important to remember that each Outfit may be converted into the one next higher by means of an Accessory Outfit. Your No. 00 Outfit is converted into a No. 0 by adding to it a No. 00A. A No. 0A will then convert it into a No. 1 and so on. As you progress in Meccano you obtain a greater variety of perfectly-made engineering parts—Gear Wheels, Pulley Wheels, Worm Wheels, Couplings, Cranks, and many others. These enable you to construct complicated mechanical movements without any difficulty. The most wonderful feature about Meccano is that it is *real engineering*: it is a fascinating and delightful hobby, and yet so simple that even an inexperienced boy may join in the fun without first having to study or learn anything.

## THE LIFE OF A MECCANO BOY

A Meccano boy is the happiest boy in the world. He builds models from the Meccano Instruction books; invents new models; enters the Competitions which are always being held in connection with the hobby; joins the Meccano Guild and a Meccano Club and by wearing the Guild badge proclaims himself to be the friend of millions of other Meccano boys all over the world. Time never hangs heavily on his hands and he is too busy and too happy to grumble. He reads the "Meccano Magazine" regularly and corresponds with his friend the Editor when he feels like it. For full particulars of the "Meccano Magazine" and subscription rates, see page 19.

## MECCANO SERVICE

The service of Meccano does not end with selling an Outfit and an Instruction Manual. When you want to know something more about engineering than is now shown in our books, or when you strike a tough problem of any kind, write to us. We receive over 200 letters from boys every day all the year round. Some write to us because they are in difficulty, others because they want advice on their work or pleasures, or about their choice of a career. Others, again, write to us just because they like to do so and we are glad to know that they regard us as their friends.

Although all kinds of queries are put to us on all manner of subjects, the main interest is, of course, engineering. No one has such a wonderful knowledge of engineering matters as that possessed by our staff of experts. This vast store of knowledge, gained only by hard-earned experience, is at your service.

# A Selection of Meccano Super Models

**Giant Block-setting Crane,** complete with Fidler's Block-setting Gear. (Leaflet No. 4).

**Three Engine Biplane,** fitted with ailerons, elevators, rudders, etc. (Leaflet No. 34).

**Pontoon Crane.** Movements include hoisting, luffing and slewing. (Leaflet No. 28).

**Travelling Gantry Crane.** A model of a type of crane used in ship-yards. (Leaflet No. 24).

**Motor Chassis,** complete with gear box, clutch, differential, internal expanding brakes, etc. (Leaflet No. 1).

**Motor Cycle and Sidecar,** with V-twin engine, sprung sidecar, etc. (Leaflet No. 3).

**Baltic Tank Locomotive,** incorporating an accurate reproduction of Walschaerts' valve gear. (Leaflet No. 15).

**The Traction Engine** is driven by a 6-volt Motor and will haul 140 lbs. (Leaflet No. 22).

**Steam Shovel,** a model embodying five different movements. (Leaflet No. 19).

The models illustrated on this page show the wonderful possibilities of Meccano. They comprise a selection from a range of super models that have been specially built for the delight of Meccano boys.

A descriptive leaflet giving full particulars of all the models in the series and the prices of the special Instruction Leaflets that are published in connection with them, may be obtained from your dealer or direct from Meccano Ltd., Old Swan, Liverpool.

All these Models can be built with MECCANO Outfit No. 00

Collapsible  
Table

The  $2\frac{1}{2}'' \times \frac{1}{4}''$  Double Angle Strips 1 are attached to the  $5\frac{1}{2}'' \times 2\frac{1}{2}''$  Flanged Plate 2 by lock-nutted bolts, as in Standard Mechanism No. 263. The Bolts 3 are secured to the  $5\frac{1}{2}''$  Strip 4 and their shanks engage with the centre holes in the  $2\frac{1}{2}'' \times \frac{1}{4}''$  Double Angle Strips 1, thus maintaining the legs 5 in an upright position. When it is desired to fold up the legs 5, it is only necessary to raise the ends of the Strip 4, thus freeing the Double Angle Strips 1. The table is shown in the folded position in Fig. 00.25A.

Garden Hose Reel

Model No. 00.187 Devil Wall

Model No. 00.188 Sledge

### HOW TO CONTINUE

This completes our examples of models that may be made with MECCANO Outfit No. 00. The next models are a little more advanced, requiring a number of extra parts to construct them. The necessary parts are all contained in a No. 00A Accessory Outfit, the price of which will be found in the list on the opposite page.

# Meccano Accessory Outfits

No. 3a Accessory Outfit

## The Purpose of Meccano Accessory Outfits

Meccano Accessory Outfits connect the main Outfits from No. 00 to No. 7. They may be well described as the stepping stones to bigger and better models. A No. 00 Outfit may be converted into a No. 0 by adding to it a No. 00a Accessory Outfit, and a No. 0a would then convert it into a No. 1. In this way, no matter with which Outfit a boy commences, he may build it up by degrees until he possesses all the parts contained in the largest Outfit.

## CONTENTS OF No. 00 OUTFIT

No.	Qty.	No.	Qty.
2 Perforated Strips, $5\frac{1}{2}$ "	4	40 Hanks of Cord	1

## The "Meccano Magazine"

The "Meccano Magazine" is the Meccano boy's own newspaper. He reads it regularly and when he is in difficulties consults his friend the Editor.

The Magazine tells him of the latest Meccano models; what Meccano Clubs are doing; how to correspond with other Meccano boys; the Competitions that are running. It contains splendid articles on all subjects of interest to boys.

Write to the Editor, "Meccano Magazine," Old Swan, Liverpool, enclosing 6d. in stamps. He will then forward a specimen copy of the "M.M." post free. If you wish to become a regular subscriber the rates are 4/- for six issues or 8/- for twelve issues, post free. If you prefer to do so, you may order the Magazine from your Meccano dealer or from any newsagent or bookstall, price 6d.
