Model-Building the New Meccano Way

The constructional details of the models shown in this Leaflet are explained by means of photographs and line drawings. Once you have got the knack of 'reading' the drawings, you will find the construction of the models quite easy to follow. Generally the particular Meccano Parts used in the building of a model can be identified simply by looking at the illustrations, but where the identity of a Part may not be quite clear, its Part Number is indicated in the illustrations in **RED**.

If you are on the look-out for more new models you should make sure that you see the *Meccano Magazine* each month. This attractively produced periodical caters particularly for Meccano model-builders and each monthly issue (price 1s. 3d.) contains details and illustrations of new models and mechanisms of all kinds specially designed by 'Spanner' to meet the needs of both beginners and advanced model-builders. Details of attractive Meccano model-building competitions also appear from time to time in the Magazine and these will provide you with a splendid chance to win a cash prize for your model-building efforts. You can order the *Meccano Magazine* from any Meccano dealer or newsagent.
