| TYPE | Constructional Engineering | | |
| HOLE DIAMETER | 3.1mm | HOLE SPACING | 10.0mm |
| SETS IN SYSTEM | One only. | | |
| DIFFERENT PARTS | 14 | | |
| COLOUR | Light blue Strips and Brackets; red Flanged Plates. Nickel Strips and Double Angle Strips in some sets The Truck included in the sets is light blue | | |
| FIXING METHOD | Nut and bolt. | | |
| MOTORS | None. | | |
| PERIOD | Post WW2. | | |
| MANUFACTURER | DAIYA. Also one with the letters AHI in its logo | | |
| COMMENTS | <p>In general similar to CONSTRUCTION JEEP but the Flanged Plate is much smaller. Although the manufacturers appear to be different, the same 'KK' logo appears on both box lids. Overleaf, at the top, is one side of the Model Leaflet; below it are the 5 models shown on the other side (scale: x.71).</p> <p>Flanged Plates actually seen have a large elongated centre hole. Another similar DAIYA set is called the NEW CHEVROLET TRUCK</p> | | |
| OTHER SYSTEMS NEWSLETTER | 14/373, 15/426, 19/537, 27/803 | | |

MATERIAL SUPPLIED BY Don Blakeborough, David Hobson and Richard Symonds.

LET'S ASSEMBLE

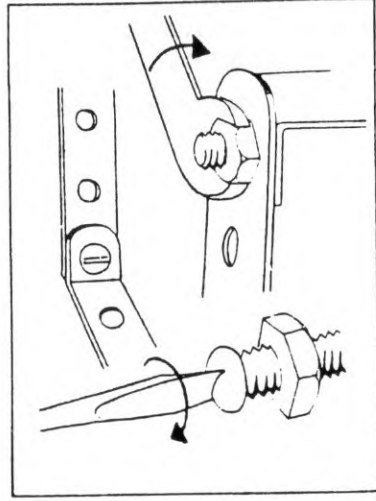

CONSTRUCTION TRUCK

DO-IT-YOURSELF-TOY

Let's assemble it. See introduction & do it yourself in a careful manner avoiding undue haste that will result in confusion.

INTRODUCTION: "DO-IT-YOURSELF-TOY" which is recommended as the most instructive toy and it has been carefully adapted to the requirements of parents and to the wishes of children. By assembling the parts, you can make whatever you wish, real things as well as imaginary things. The truck drag your masterpiece, if it is with wheels. At the same time you can learn how to screw, unscrew, assemble and construct through play which improves creative power very much. The enameled parts, brass-coated screw and nuts, fasteners, hard rubber wheels truck of the highest quality. This construction truck will give youngsters a great deal of pleasure and keep them busy the whole day long.

Set Contents

One Set was as shown right except there were 2 of #3, 4, 9, 10, 11, & 6 of #8.
