Take a Riviton™ riveting tool... CREATE just about anything you can imagine! Put together any one of these models and more. Then TAKE IT APART! Use parts and rivets OVER AND OVER AGAIN.

EASY TO USE:

- 
1. Put a rivet on the end of the tool.
 2. Squeeze the handle to stretch the rivet.
 3. Line up holes on parts. Put stretched rivet through.
 4. Release the handle. Remove the tool. Parts are joined.

NO BATTERIES! NO ELECTRICITY!
