To the Young Builder

This SNAP-IT Building Set is a new and modern type of construction toy that you will be very happy to own.

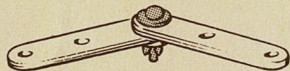

The fastening method is so quick and easy, models may be snapped together in a jiffy and taken apart just as quickly.

The young builder, using his own creative skill, will be delighted with the many interesting and realistic models that may be designed with this SNAP-IT Building Set.

ALL MODELS SHOWN CAN BE MADE WITH THE SENIOR SET AND
TWO-THIRDS OF THOSE SHOWN CAN BE MADE WITH THE JUNIOR SET

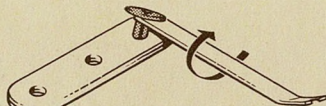

INSTRUCTIONS

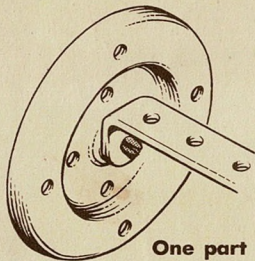

Two or three parts may be used on one fastener. Insert pin in fastener for tight joint.

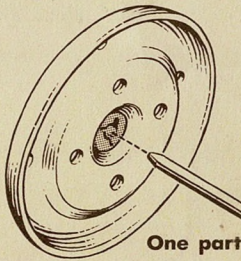

Remove pin and twist to separate parts.

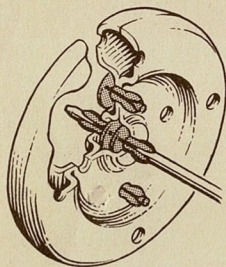

To remove fastener, slip tool under head and twist.
